- Feb 26 Friday No School- PD day for Teachers

**Welcome** to our short and busy month! Please note our special upcoming grade level fundraiser. A note will go home Feb 1<sup>st</sup> all used books are to be sent to the school by Feb 10<sup>th</sup>. We will host the pricing of the books for \$1 or \$0.50 in class on the 11<sup>th</sup> and the sale will begin on Feb 16<sup>th</sup>. Our class will host the sale in the gym on Feb 16<sup>th</sup> from 10:25- 11:35. We will need 3-5 volunteers please!

**Weekly math problem:** Until we begin our multiplication unit we will have a weekly math problem instead of our Math Fact Testing. Code: Class meeting! These questions can be answered at home over the weekend and returned on the following Tuesday. Feel free to help your child work through the problem. Be sure to draw or show all work.

**Novel Projects** are due on Feb 16<sup>th</sup>. Please be sure to follow all the directions. Each project must include the book title and author as well as 8 sequential details in the story from only 1 or 2 chapters. Assist your child with ensuring all the details are correct by checking back in the novel. Presentations will be done in class. Marks are given for public speaking skills (view rubric). Notes on cards or paper are a good way to prepare your child for their presentation. These projects will be reflected in our upcoming report cards.

## **Special Congratulations to...**

Colton for being such a wonderful partner during group activities!  
Sydney for being such a wonderful helping hand!
